## WHISKEY POURED DOWN MOUNTAIN SIDE IN SOUTH

Government Officers Round  
Up Large Number Of  
Moonshiners

486 STILL SEIZED TOGETHER  
WITH MUCH PARAPHERNALIA

Five Outlaws and Two  
Sheriffs Killed in the  
Raids

(Associated Press Telegram)  
Washington, Aug. 30.—The biggest intensive round-up of illicit whiskey distillers ever undertaken by the government has just been completed in southern mountain districts by revenue agents, under direction of Internal Revenue Commissioner Daniel C. Roper. The activities of the agents resulted in the seizure of 486 stills; arrest of 200 moonshiners; killing of five outlaws and two sheriffs, and the wounding of a number of other government men and liquor-makers.

This systematic campaign of raids has been under way eight weeks, mainly in mountains of Tennessee, Alabama, Georgia, Florida, North Carolina and South Carolina—all dry states—but announcement was withheld until today to avoid giving advance information to moonshiners of the activities of a flying squadron of 14 experienced revenue agents. This band, working swiftly from community to community, cleaned out nests of moonshiners who had been operating without serious difficulty for years, and left behind them "follow-up" vigilance organizations of citizens and officers to prevent outlaws from going back to their old trade.

More than 30,000 gallons of pale moonshine whiskey was seized and poured down mountain streams.

Over \$100,000 worth of illicit copper stills of all sizes and other paraphernalia, automobiles, horses, mules and wagons belonging to the distillers was taken by the flying squadron. About 21,000 pounds of sugar found on distillery premises was confiscated and the most of it given to the Red Cross. Recommendations for 321 prosecutions have been sent to the department of justice and forwarded to United States attorneys, while most of the moonshiners caught at their stills are behind bars in southern jails awaiting trial.

## BAR CONVENTION CLOSES TONIGHT

(Associated Press Telegram)  
Cleveland, Aug. 30.—Four addresses, the election of officers, selection of next year's meeting place, consideration of committee reports and the annual dinner were on the closing program of the fortieth convention of the American Bar Association here today.

Hampton L. Carson, of Philadelphia, opened the morning session with an address on "heralds of world democracy"—the English and French revolutions. Jacob M. Dickinson, of Chicago, presided.

At the afternoon session General George P. Scriven, U. S. A. spoke on "Italy, Our Ally; Her Great Part in the War," to which Major General Emilio Guglielmini, of the Italian high commission, responded.

Federico Cammeo, professor of law at the University of Bologna, who represented the Italian government, also spoke.

The annual dinner tonight will bring the convention to a close.

## TWO FLIERS FELL 2000 FEET WHILE MAKING A LOOP

(Associated Press Telegram)  
Wichita Falls, Tex., Aug. 30.—Lieutenant F. R. McGiffin, of Fresno, Calif., and Cadet Ellis Bernard Babcock of Washington, D. C., were killed instantly at Call field this morning when their plane fell 2,000 feet. The plane fell from the top of a loop.

Cadet Babcock, who is a son of Brigadier General Babcock, who is now in France, was taking his first lesson in acrobatic flying. He was 21 years old.

Lieutenant McGiffin was 28 years old and was married, his wife being at Call field at the time of the accident. Babcock's mother is in Washington.

## AMERICAN FIRE TOO HOT FOR THE GERMANS

(Associated Press Telegram)  
With the American Army in France, Wednesday, Aug. 28.—An enemy airplane was shot down today after it had attacked several American observation balloons on the front east of St. Mihiel.

In three different patrol encounters in the Vosges last night the Germans were driven off when the American fire became too hot for them. The enemy casualties are unknown.

The German artillery fire in the Woivre increased materially last night.

## PICKED FOR SENATE RACE IN NEBRASKA

John H. Morehead, above, and George W. Norris.

Senator George W. Norris and ex-Governor John H. Morehead were the successful senatorial candidates in the recent primaries held in Nebraska. Norris is the Republican choice and Morehead the Democrat.

## BLACK SEA PORT IS CAPTURED BY RUSS VOLUNTEERS

(Associated Press Telegram)  
Amsterdam, Aug. 30.—A Russian volunteer army has captured the Black Sea port of Novorossysk, according to a dispatch from Kiev.

When the Germans captured Sebastopol, the base of the Russian Black Sea fleet, a part of the Russian fleet escaped to Novorossysk, on the eastern coast of the Black Sea.

In May the Germans threatened the port with submarines and airplanes, but it apparently remained under control of the trans-Caucasian government.

## JOINED BY PEASANTS.

(Associated Press Telegram)  
Washington, Aug. 30.—The Russian volunteer army reported to have captured the Black Sea port of Novorossysk is believed to be remnants of Russian regular organizations who scattered to their homes after the peace of Brest-Litovsk. They have been joined by peasants and are understood to be acting as far as possible in co-operation with the anti-Bolshevik forces.

## UNABLE TO STAY ADVANCE OF THE FRENCH TROOPS

(Associated Press Telegram)  
With the French Army in France, Aug. 30.—The battle is progressing favorably for the troops of General Mangin.

The Germans are making the most determined resistance against the French army in an effort to prevent it gaining a strong foothold north of the Ailette. A French success in this direction would menace the enemy's communications.

Cavalry was employed mainly by the Germans yesterday but notwithstanding this display of force the enemy was unable to stay the advance of the French.

Correspondents of Paris newspapers at the front agree that the allied losses in the present operations have been comparatively light. They say that the allies have never taken so many prisoners and guns and so much material and territory at so slight a cost.

## SEVERE FIGHTING ON USSURI RIVER

(Associated Press Telegram)  
Tokio, Monday, Aug. 26.—There has been severe fighting between allied forces and Bolshevik Red Guards on the Ussuri river front along the Manchurian border. The Japanese casualties in the last few days numbered 170, including officers.

## FINAL VOTE ON "BONE DRY" LAW IN THE SENATE

May Take Place Before  
Adjournment Late  
This Afternoon

## PROHIBITION RIDER OF THE AGRICULTURAL BILL

Would Stop Sale and Manu-  
facture of Intoxicants  
July 1 Next

(Associated Press Telegram)  
Washington, Aug. 30.—With its amendment providing for national prohibition beginning July 1, 1919, and continuing during the period of the war and during demobilization, the emergency agricultural appropriation bill was taken up by the senate today with prospects of a final vote before adjournment. The bill with its prohibition "rider" then will go to the house, where it is believed favorable action on the "bone dry" provision is assured.

The senate yesterday without a roll-call adopted the compromise amendment by Senator Sheppard of Texas although determined opposition was manifested, especially by Senators from such states as California where there are large industries which will be affected by its provisions.

In some quarters in the senate today there was evidenced a determination to block the agricultural bill on the grounds that its appropriations amounting to \$11,000,000 are unnecessary and wasteful. It was held by some senators that the majority of appropriations contained in the bill are not needed by the department of agriculture and the passage of this opposition could not be determined until a test vote was taken and it was unknown whether it was of sufficient force to delay or perhaps to defeat the entire bill.

Senator Phelan, of California, made a vigorous fight for a longer lease of life for the wine and beer industries. He offered amendments making the effective date for their prohibition June 30, 1920, instead of a year previous, as the amendment provides, and also applying the latter date to wines alone. Both were rejected overwhelmingly by viva voce votes, and sufficient Senators did not support Senator Phelan's request for a roll call.

Another Phelan amendment, downed in a roll call, would have extended the effective date for wines six months longer, or until December 31, 1919.

With "wet" and "dry" members evidently observing their agreement to unite on the Sheppard draft, the senate also voted down without a roll call an amendment by Senator Trammell, of Florida, to move the effective date ahead to January 1, 1919, as provided in the bill before the compromise agreement was reached.

The amendment as passed is a substitute both for the original amendment of Representative Ransom. (Continued on Page 2, Col. 2.)

## MONTE CARLO IS OFFERED TO YANKS AS A LEAVE CENTER

(Associated Press Telegram)  
Paris, Aug. 30.—Monte Carlo has been offered as a leave-center for the American expeditionary forces by the prince of Monaco. The American headquarters now has the offer under consideration and is studying the difficulties incident to the distance of Monte Carlo from the front and the congested condition of transportation.

There are hotel accommodations at Monte Carlo for from 6000 to 8000 soldiers. The gambling casino will remain closed to men in uniform as it is at present.

## ATTACK RESUMED ON OISE HEIGHTS

(Associated Press Telegram)  
With the French Army in France, Aug. 30.—General Humbert's troops which yesterday took Noyon and advanced to Mount Simon, to the northeast, resumed their attack this morning and are advancing up the difficult heights north of the Oise.

## PLUM FOR SPRINGFIELD P. M.

(Associated Press Telegram)  
Washington, Aug. 30.—Publication today of the complete list of nearly 2,000 postmasters whose nominations were sent to the senate yesterday by President Wilson disclosed that among the renominations was the incumbent at Springfield, Ohio.

LEAVES NEXT WEEK.  
Owing to the recent death of his father John Braddock of Hudson avenue was excused from reporting with the selecta who left yesterday. He will leave with the next contingent on Thursday of next week. His brother Fred Braddock of California is spending a few days in the city.

## CAMPAIGN SLOGAN OF OHIO DEMOCRATS IS "WIN THE WAR"

(Associated Press Telegram)  
Columbus, Aug. 30.—Ohio Democrats will make their campaign for retention or control of the state government on a strictly "win the war" platform. At the party convention held here yesterday, it was unanimously decided to subordinate all else to the prosecution of the war and the platform adopted present but the one issue. No mention was made of state issues, not even prohibition or woman suffrage, declarations favoring which were the chief issue presented by the Republicans in their platform adopted earlier in the week. That the proposition of winning the war will be adhered to as the only issue was forcibly set forth by Governor James M. Cox, who in an impromptu speech before the convention declared that he considered the winning the war of much greater importance than that he be re-elected governor and therefore he intended to remain in his office during the campaign and devote his entire strength and time to carrying out the orders of his commander-in-chief, the president.

"I will not enter the zone of partisan politics now nor will I do it between now and November," Governor Cox said. "The keynote address by former Governor James E. Campbell and the address by United States Senator Alton Pomeroy expressed similar sentiments."

Denunciation of the policy enunciated by some before this country entered the war of opposing the shipment of munitions to the allies was made by Governor Cox, Campbell and Pomeroy. "The cancellation of such a creed is not disloyalty, then it is at least a dangerous species of conservatism and unsafe leadership for Ohio," Governor Cox said. The governor declared that the next legislature will purge the Ohio statutes of everything Prussian.

## FATHER RYAN IS APPOINTED AN ARMY CHAPLAIN

Rev. Father James M. Ryan, former assistant pastor at St. Francis de Sales church, has been appointed a chaplain in the army services. Father Ryan was sent from Newark to a pastorate at Gloucester, Athens county, where he has been located since leaving this city. He has been sent to Camp Zachary Taylor, Kentucky, where he will undergo the military training and will then be assigned.

## GROCERY IS WRECKED BY DYNAMITE BOMBS

(Associated Press Telegram)  
Cleveland, Aug. 30.—Two dynamite bombs, placed under the front of Nikola Kolob's grocery store early today wrecked the building, injured several persons slightly and shattered windows in a score of homes and stores nearby. The bombs had been timed to explode five minutes apart. Police are working on the theory that the bombs were placed by black handers.

## STRIKERS SENT TO FRONT AND OTHERS ARE DEPORTED.

(Associated Press Telegram)  
Geneva, Aug. 30.—Serious strikes involving 200,000 workmen have broken out at Buchen, in West Phalia, according to dispatches received here today from Munich. Three thousand strikers have been sent to the front and 8,000 deported from the region under escort. Troops are guarding the town, it is said, as riots are feared.

## VON HERTLING AT BERLIN.

(Associated Press Telegram)  
London, Aug. 30.—Admiral von Hintze, the German minister of foreign affairs will make a statement Monday before the foreign committee of the Prussian Imperial Chancellor von Hertling has arrived at Berlin from headquarters according to a dispatch to the Exchange Telegraph company.

## CREWS REVOLTED.

(Associated Press Telegram)  
Washington, Aug. 30.—Czech-Slovak crews on Austro-Hungarian warships in the harbor of Cattaro have revolted according to an official dispatch today from France. The Czech-Slovak deputy, Mr. Soukup is said to have left Prague for Cattaro to defend the sailors in their countermovement.

## RAIDS AGAINST AMERICAN TROOPS WITHOUT RESULTS

(Associated Press Telegram)  
Paris, Aug. 30.—German counter-attacks between the Ailette and the Aisne were repulsed last night by the French, says the war office statement today. The French maintained their gains east of Pasty, north of Soissons.

South of the Somme and along the Canal du Nord there was no change in the situation during the night. German raids along the Vesle where American troops are stationed and in Champagne failed. The statement reads:

"Along the Somme and in the region of the Canal du Nord there was no change during the night."

"Between the Ailette and the Aisne, French troops repulsed several German counter-attacks. East of Pasty we maintained our gains."

"Along the Vesle and in Champagne, German raids were without result. The night was quiet on the remainder of the front."

## TWO AVIATORS MEET DEATH IN NOSE DIVE

(Associated Press Telegram)  
Pensacola, Fla., Aug. 30.—Two naval aviators were killed and a third sustained minor injuries when their machine made a nose dive into the bay here last night. The dead are: James Lloyd Churchill, Syracuse, N. Y., and David Gifford Wilcox, Newton Center, Mass.

## LONDON "BOBBIES" OUT ON A STRIKE

(Associated Press Telegram)  
London, Aug. 30.—London outside the city proper, has practically been without police protection since midnight when the famous Metropolitan police force went on a strike. Traffic unusually so well looked after, was left to regulate itself until special constables, private citizens enlisted for the duration of the war to assist the regular police, turned out in hundreds to do the work of the "bobbies."

Before the heavy traffic appeared on the streets however, it was remarkable what little difficulty was shown by the police in maintaining order. Perhaps to American eyes and ears, which depend upon them for direction.

## COMBLES CAPTURED BY THE VICTORIOUS TROOPS WHILE BULLECOURT ON THE HINDENBURG LINE ALSO CAPITULATES WITH MANY OTHER TOWNS

## HAIG'S MEN SMASH AHEAD FOR BIG GAINS AND CROSS SOMME SOUTH AND WEST OF PERONNE

Big Gains Made East of Arras Astride the Somme and Counter Attacks by the Germans Against General Mangin's Army Between the Ailette and the Aisne Were Repulsed by the French—Canadians Advancing Along the Arras-Cambrai Road are Widening the Gap in Famous Line to Which Germans Retired a Year and a Half Ago.

(Compiled from A. P. Dispatches.)  
Moving forward with sustained power, British armies east and southeast of Arras appear to have crashed clear through the Hindenburg line. Dispatches received today seem to indicate that now they have begun to "roll up" the German forces on the front to which the enemy is retreating along the whole Picardy front.

Bullecourt, which was on the Hindenburg line, was taken this morning. Hendecourt-Les-Cagnicourt to the northeast of Bullecourt also has fallen before Field Marshal Haig's men. South of Hendecourt, and slightly to the east, Rencourt has been captured by the advancing British. East of Arras astride the Scarpe further gains are reported.

The Droocourt-Queant switch line now is within striking distance. Further south the British have taken the village of Combles where there was terrific fighting during the German retirement a year ago last March.

West of Peronne the British have captured the town of Clercy and they also have crossed the Somme north of Peronne.

Along the line further south, which is held by the British, the night passed without change. There were counter-attacks by the Germans against General Mangin's army between the Ailette and the Aisne but these were repulsed by the French who hold positions east of Pasty, which is less than two miles northwest of Soissons.

Along the front from the Somme south to the Noyon region and thence east of the Ailette, a sector which is vitally important at present the enemy appears to have checked the French until he can extricate his forces from the position in the salient between the Somme and the Oise.

"Progress southeast of Arras would seem to be the most important feature of the news from the great battle. Canadians, it appears, are slowly advancing along the Arras-Cambrai road and are widening the gap in the famous line to which the Germans retired 18 months ago. It seems that any great additional British success in this region may shatter Germany's hopes of conducting a defensive campaign along this front, to which, it is probable, the Germans now are hastily withdrawing."

## TROOPS CROSSING THE SOMME

(Associated Press Telegram)  
London, Aug. 30.—British troops have captured Combles, between Bapaume and the river Somme, it was officially announced today by the British war office.

Advanced British troops have crossed the Somme south and west of Peronne.

The British also captured Clercy-sur-Somme, on the Somme river between Combles and Peronne.

Between Hendecourt and the Arras-Cambrai road the Canadians attacked the German line and made favorable progress.

East of the Senesee the forces of Field Marshal Haig made progress, capturing Bullecourt and Hendecourt-Les-Cagnicourt.

The text of the statement reads:

"In spite of the destruction of river bridges our advancing troops crossed the Somme both south and west of Peronne."

"We have taken Clercy-sur-Somme and Combles. In this area alone we took more than 200 prisoners and a few guns yesterday."

"London and West Lancashire troops made important progress yesterday afternoon east of the Senesee, later capturing Bullecourt and Hendecourt-Les-Cagnicourt after hard fighting together with the powerful German trench systems protecting these villages."

"Between Hendecourt and the Arras-Cambrai road an attack delivered 1 Canadian troops early this morning is reported to be developing favorably."

"Astiride the river Scarpe, English and Scottish troops continued their advance yesterday and gained valuable ground in the direction of Eterpigny, Hamblain-Les-Prez and Flouvin. The village of Remy is held by us."

"A number of prisoners were captured in these operations."

"In the valley of the Lawe and Les rivers we continued to push forward."

## FURTHER ADVANCES BEING MADE TODAY

(Associated Press Telegram)  
With American Army in France, Aug. 30 (12 Noon).—Blanchon on the south bank of the Somme about a mile from Peronne has been captured by Field Marshal Haig's forces. British troops have entered Les-Boufs and patrols have passed through Morvale to the southeast.

British troops this morning passed forward in an easterly direction from Bapaume.

The British have made further advances to the north of Leas. At one place they pushed forward a distance of a thousand yards.

Le Transloy, on the Bapaume-Peronne high road was reported to have been captured this morning.

The Germans were driven behind the river Somme everywhere along the British front. The whole west bank now is in the possession of Field Marshal Haig's troops and at a place just south of La Chapelle a British force has crossed to the east bank.

In the operations concluded this morning 200 prisoners fell into the hands of the British on this side of the river, being unable to get away quickly enough.

The Germans have destroyed all the bridges across the Somme, including the railroad bridge and the regular bridge at Peronne. North-west of Peronne, however, after the river changes its course from the north to the west the British went on so quickly that the causeway over a bridge was secured intact. Clercy is in British hands. Peronne and the country to the rear of the city are held under the fire of British guns.

North of Peronne the Germans now are holding the road to Bapaume as far as a point opposite court.

## QUIET REIGNS AT NOGALES TODAY

(Associated Press Telegram)  
Nogales, Ariz., Aug. 31.—General Cabell, commanding the American forces, issued the following official statement this morning:

"I am very much pleased with the way in which General Calles is handling the situation in Nogales, Sonora. Everything is quiet and I expect it to remain so."

## BRITISH FORCES RESUME ADVANCE

(Associated Press Telegram)  
London, Aug. 30.—British forces, east of Arras, resumed their advance this morning and at an early hour had penetrated another 2000 yards on a front of seven miles between Bullecourt and the Scarpe, according to advices received here.

The British forces have reached within a mile of the Droocourt-Queant switch line and have captured Rencourt.

## GASOLINE BAN ONLY APPLIES TO PLEASURE RIDING

(Associated Press Telegram)  
Washington, Aug. 30.—The ban on the use of gasoline on Sundays for motor vehicles and boats will apply only to pleasure riding. Fuel Administrator Garfield announced today. He said reasonable use of gasoline driven vehicles for necessary purposes was not intended to be prohibited.

The request made by the fuel administration, said a statement issued at the administration building, that pleasure riding be discontinued on Sundays for the present in order to conserve our supply of gasoline for war needs, was not intended to prohibit reasonable use of gasoline driven vehicles as a means of necessary transportation where no other means are available.

Mr. Garfield believes that the public will construe the request wisely and intelligently and will not use their automobiles for other than the most necessary purposes.

"The intention of the request is that all mere pleasure riding be eliminated but that necessary use of the automobile be not interfered with."

"Just what is pleasure riding and what is necessary use, must be determined by the individual, keeping in mind always that we must have additional reserves of gasoline so that there may be no possibility of delaying overseas shipments."

"The United States Fuel administration will not attempt to tabulate automobile traffic on Sunday."

While taxicabs were not mentioned in the statement, it was said informally the restrictions would not prevent taxi service for necessary purposes, though there should be no hiring of cabs for pleasure riding.

## BOARD RECEIVES RULES GOVERNING NEW REGISTRANTS

The local draft board has received an advance unofficial copy of regulations for the registration of men between the ages of 18 and 45 years, inclusive.

Those who must register this time are all male persons who have attained their eighteenth birthday and are not or before the day which shall be set for registration. The only exceptions to this are: Those who have already been registered, and those who are already in the army, navy or marine services of the United States.

Draft headquarters at Washington expects one and one-third times as many registrants on this registration as there were at the registration of June 1, 1917. This estimate for the nation as a whole, and does not necessarily apply to individual communities. For those who are absent from home, or are too ill to register, on registration day, special arrangements have been made, which can best be ascertained by communication with the local board.

All persons who cannot be registered because of absence at sea, count of being out of the country, must register within five days after their return to the United States with the local board having jurisdiction over the area in which they permanently reside.

All inmates of penitentiary, jails, reformatories, etc., will be registered. The date of registration is not yet known, but it is expected to be set forth soon in a proclamation by President Wilson.

## MANY CHANGES IN TEACHING CORPS OF LOCAL SCHOOLS

The Newark city schools will open Tuesday, September 3, with a full teaching corps, under the leadership of the new superintendent, Owen J. Barnes, former principal of the high school, and Principal H. F. Moninger, former mathematics instructor.

Although a great many teachers have resigned, Superintendent Barnes has been able to fill the vacancies in time to open the schools fully equipped with teachers. There will be in all twenty new teachers—eight in the high school and twelve in the grades. Those in the high school are:

M. R. Kuehn, Ethel M. Jühr, Frank R. Smith, Blanche Baker, J. W. Swank, Anna Booth, Mildred Hawk and F. W. Smith.

In the grades are: Lillian Seymour, Mildred Meredith, Ula Hess, Gertrude Harrison, Minnie Wintermiller, Mrs. Rose Sharritt, Ada Hollar, Gertrude Hall, Hazel Hall, Nell Russell, Catherine Sachs and Ethel Rutledge.

## PUBLIC SCHOOL NOTICE

The Newark public schools will open Tuesday, September 3. All children coming six years of age before the first of next April may enter the opening week. They will not be received at any other time during the school year.

The law requires all girls under 16 years of age and all boys under 15 years of age to attend school regardless of the grade passed. Employers of children during the vacation weeks should be prepared to release these children coming under the school law.

Parents are requested to have their children ready to enter the first day, since starting late is a great handicap to the pupil. The compulsory attendance laws will be rigidly enforced.

Man is a thinking being, whether he will or not; all he can do is to turn his thoughts the best way.—Sir W. Temple.  
Mr. McAdoo Knows It.  
And he will be the first to admit it. Our war-widow lady likes to paint the joys of places where we're not. We languish to be where we ain't.

Aunt Caline says: "T'other evenin' Had Gaul come into our house an' set down an' commenced to read all the freshness off our Advocate, though I must say he was kind enough to now an' then read us a item that I trusted him. At last he says, 'Wh-y, folks, listen to this. Seems we're a-gettin' messages from Mars now.' He says 'An' a-auserin' 'em too.' he says 'Uncle Toby was a-settin' there an' he says, 'Land sakes! but that is intrustin'.' he says, 'Kin you understand their messages?' 'Oh, no,' says Had, 'you can't. But they can't understand our answers, neither so they haven't got nothing on us.' he says.

Always on the Job.  
Any number of beautiful theories for the conduct of life have been promulgated, but sooner or later old human nature is sure to butt in and mess 'em all up.

"I would surely be a matter, then. Of gratified surprise. If accident should take these tongues right down among the trees."

Did You Know  
That the auction is of Roman origin? It is said to have been introduced first for the purpose of disposing of spoils taken in war. Such sales were said to take place "sub hasta," under the spear, from the ground, probably to attract purchases to the spot. The Latin word "auctio" means "an increasing" and an auction is a plan for increasing the price by exciting competition among purchasers. Sometimes there is held what is called a Dutch proceeding in which the usual mode of proceeding is reversed, the price being started at a high figure and lowered until a purchaser is found.

THE LIBERTY LOANS.  
The United States entered the war on April 6, 1917. Eighteen days later by a practically unanimous vote Congress passed the Liberty Loan Bond bill.  
On May 2 the First Liberty Loan was announced, on May 14 the details were made public, and on the 15th the campaign began and closed one month later. The issue was for \$2,000,000,000, the bonds bearing 3 1/2 per cent interest and running for 15-30 years. The bonds carried the conversion privilege, entitling the holder, if he chose, to convert them into bonds of a later issue bearing a higher rate of interest. Four and a half million subscribers from every section of the country, representing every condition, race, and class of citizens, subscribed for more than \$3,000,000,000 of the bonds. Only \$2,000,000,000 was allotted.

The outstanding features of the First Liberty Loan were the promptness with which it was arranged and conducted, the patriotism of the newspapers, banks, corporations, organizations, and people generally in working for its success, and the heavy over-subscription of more than 5 per cent. Another notable feature was that there was no interruption to the business of the country occasioned by the unprecedented demand upon its money resources.  
The second Liberty Loan campaign opened on October 1, 1917, and closed on October 27. The bonds of this issue bear 4 per cent interest and run for 10-25 years. They carry the conversion privilege. It was announced that 50 per cent of the over-subscription would be taken. Nine million subscribers subscribed to \$4,617,532,000 of the bonds, an over-subscription of 54 per cent. Only \$7,808,766,150 of the bonds was allotted.

This campaign was marked with the same enthusiastic support of the public as its predecessor. The labor and fraternal organizations were especially active in this campaign, and the women of the country did efficient organized work which greatly contributed to the success of the loan. The men in the Army and Navy worked for and subscribed largely to the loan.  
The third Liberty Loan campaign opened on April 6, 1918, one year

18 to 45  
13 Million Americans, Attention!  
The victory which precedes peace can be ours next year declared Gen. Peyton C. March, our Chief of Staff, testifying before the House Committee on Military Affairs that "eighty divisions of Americans should be able to bring the war to a successful conclusion in 1919." This is no chance guess of an optimistic conjecturer, says the Philadelphia Public Ledger, but "the considered, sober, carefully tested, checked, and rechecked judgment of our 'pooled' military opinion." It affirms that the "policy of putting our heaviest possible punch into next year's campaign is not only the wisest policy . . . but is possibly the only policy that will surely win the war."  
The Newark News avers that we "intend to supply all the men necessary, no matter how many that may be" and decides that this number will be that "required to win a political victory over a people whose concept of the world belongs to the age of the mammoth and the saber-toothed tiger." What is now needed is quick action by Congress says the Brooklyn Eagle, as "the path to ultimate triumph is plain. We may tread it successfully only by making our military effort in the next six months correspond to the greatness of our resources in men and material."  
The leading article in THE LITERARY DIGEST for August 31st provides an illuminating review of the reasons for increasing the draft ages and of the chances for bringing the war to a speedy conclusion and quotes expert opinions as to the best means to be employed for insuring an overwhelming Allied victory.

## Newark Branch of Rosenbach Chain of Shoe Stores Expands

A ROSE TO EVERYONE  
At Opening Day, Saturday, Aug. 31

The Rosenbach Company Announces the Opening of their new store at No. 7 South Side Square—with an advance showing of new fall shoes for men, women and children—Saturday, August 31.

You people of Newark certainly believe that Rosenbach sells shoes—all the time—for less than you can get them elsewhere.

—because we have to enlarge to accommodate our rapidly growing Newark trade.

And you will continue to get shoes at \$2.00 under at Rosenbach's because:

—buying as a unit for our 17 stores—we buy thousands of one particular style of shoe—and we get the price that comes with volume buying. We turn around and give you the advantage of that volume buying.

Our store customers pay cash and carry the shoes home and the savings on no charge accounts and no delivery also goes to you.

Our resident buyers—in shoe manufacturing centers where we

have stores, give us an advantage shared by very few shoe concerns. They are in a position to snap up any especially seasonable or attractive lots of shoes—and do so.

We needn't say that our splendid patronage could not have been built up if we had not insisted in addition to low price and up-to-the-minute style—that the manufacturers put into Rosenbach shoes the leather that would give service—and bring our customers back—satisfied.

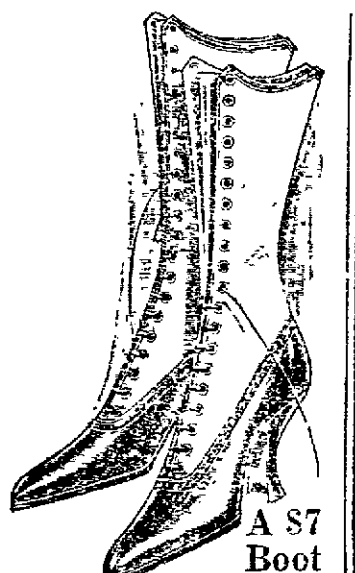

Here are three shoes—dandy new styles—which show what Rosenbach values mean. Such fine shoes can't be got at less than \$1.00 to \$3.00 more at other places. They couldn't stay in business and do it.

'Military Maid'

Auditorium Notes.  
Newark will have a chance next Sunday to hear freedom for ever, the sensational song that has carried New York by storm. This song was written by M. W. Jones, wife of W. M. Jones, the real estate man of the Lansing block. Mrs. Jones, the publisher, has sent to great excitement and has arranged for Thomas Murray, the well known concert singer, to sing it at the Auditorium theatre on next Sunday evening.

Mr. Fenberg has arranged a great program for his friends and patrons on Sunday next, one that will make you forget that you have been forthright to ride an auto on that day. The comedy, "The Summer Girls," a Paramount-Mack Sennett with Ford St. Linz, Louise Fazenda and Vera Steadman as featured players. These accomplished comedians and the Mack Sennett girl by no means monopolize the spotlight for T-d-d-e, the famous "T-d-d-e" song, a number of fun-filled songs furnish much of the fun. This two reel comedy, the special Jewel Production, "The Doctor and the Woman," and a News Weekly, together with our incomparable orchestra.

# A Story of Re-Born Physical and Mental Power

Showing how iron builds up the blood and makes folks strong and healthy

"H ELLLO, Jim, you're certainly looking fine!"

"Yes, and feeling fine, too—the best in many years. I think I have more strength, energy and ambition than since I was a real young fellow. I am working a great deal harder, doing my work with less effort and getting real pleasure out of it, and I give full credit to that Nuxated Iron I've been taking. You can see for yourself what a short course of it has done for me. My color has come back, my skin has cleared up, I sleep as well as anyone ever did and I eat like I used to twenty years ago. My case was just one of depleted energy due to lack of red corpuscles in the blood, but I have Nuxated Iron to thank for my present excellent condition. I'll never be without it again."

The foregoing is being enacted by thousands of people all over the country. It is surprising how many people suffer from iron deficiency and do not know it. If they would only take organic iron—Nuxated Iron—when they feel weak or tired out, instead of dosing themselves with drugs, stimulants and alcohol there are probably thousands who would increase their physical strength and mental energy and build up defenses that would protect them from the millions of germs that are everywhere.

After commenting upon the alarming deficiency of iron in the blood of American men and women, Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and Westchester County Hospital, said: "Notwithstanding all that has been said on the subject of run-down, nervous, weak constitutions, many people do not seem to realize that organic iron—Nuxated Iron—will build up the red corpuscles and help overcome fatigue, anemia, nervous exhaustion and the countless ills that can be traced in many cases directly to the blood. I strongly advise pale, nervous, run-down women and weak, exhausted men, to try Nuxated Iron. I have never found anything so effective to help increase strength and endurance, give ambition, vitality and power in two weeks' time in many instances. If you are not strong or well and in tip-top shape, you owe it to yourself to make this test. See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained."

WHAT NUXATED IRON IS MADE FROM

Sworn Statement of Composition of its Formula

It increases the strength and endurance of delicate, nervous, run-down folks in two weeks' time in many instances.

WORKING HARDER AND GETTING REAL PLEASURE OUT OF IT

Iron Peptonate (Special Specific Standard), Sodium Glycophosphate U. S. P. (Monsanto), Calcium Glycophosphate U. S. P. (Cascadian Bitter), Magnesium Carbonate, Potassium Sulfate, Oil Cinnamon U. S. P. Calcium Carbonate Precip. U. S. P. (Monsanto), P. E. Nux Vomica U. S. P.

Each dose of two tablets of Nuxated Iron contains one and one-half grains of organic iron in the form of Iron Peptonate of a special specific standard which in our opinion possesses superior qualities to any other known form of iron.

Glycophosphates used in Nuxated Iron are one of the most expensive tonic ingredients known.

It is especially recommended to build up and thereby increase brain power, as glycophosphates are said to contain phosphorus in a state very similar to that in which it is found in the nerve and brain cells of a man.

As will be seen from the above, two important ingredients of Nuxated Iron (Iron Peptonate and Glycophosphate) are very expensive products as compared with most other tonics.

Under such circumstances the temptation to adulteration and substitution by unscrupulous persons, is very great and the public is hereby warned to be careful and see every bottle is plainly labeled "Nuxated Iron" by the Ince Health Laboratories, Paris, London and Detroit, U. S. A., as this is the only genuine article.

Manufacturers' Note: Nuxated Iron, which is prescribed and recommended above by physicians, is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated, does not injure the stomach, make the tongue black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists. Dae Health Laboratories, Detroit, Mich.

## WAR STAMP SALE

PASSES \$963,000  
GOAL IS \$1,236,180

Incomplete reports of War Savings Stamps sales for the week ending August 29th show that Licking county has passed the \$963,000 mark. The complete figures will not be available until tomorrow as the sales made by 17 Licking county banks and 23 postoffices in the county must be received and tabulated. The partial reports received this morning show a total sale this week of over \$60,000. The grand total a week ago was \$902,538. The goal is \$1,236,180. That is the government's allotment of War Savings Stamps to Licking county.

All W. S. S. pledges for the month of August if not already redeemed should be redeemed tomorrow. Postmasters, bankers and other agents to whom the pledge cards have been sent are requested to send to the War Savings Committee on Monday the names of those whose pledges may not have been redeemed.

The Licking county "Victory List" approaches the 600 mark. Every day the list of 600 War Savings Stamps buyers is growing. One does have to buy 200 W. S. S. at one time to join the "Thousand Dollar Club" as the stamps may have been purchased throughout the year. Many people have from 10 to 100 stamps to buy before being listed as a Limit club member.

Tomorrow will be the last day when a \$5 United States Government War Stamp can be bought for \$4.19. The price advances to \$4.20 on September 1st. One who contemplates buying the limit 200 stamps, may save \$38 as the price will be \$4.40 on Monday.

New members of the Licking County \$1,000 War Savings Society (buyers of 200 W. S. S.) are D. E. Parsons, of Bennington township; David Fitzpatrick, of 16 Webb street, Newark; C. O. Harris, Newark; O. E. Wise, R. D. 1, Newark; W. F. Cramer, 32 North Pine street.

The largest sales report submitted this week comes from the Franklin National bank which reports cash sales of W. S. S. for the week ending August 29th of \$19,045.69. This bank has had a total sale of War Savings Stamps so far of \$95,000.

Let's pass the million dollar mark the coming week. Let everybody buy one or more W. S. S. this week. If everybody in Licking county would buy just one more \$5 stamp the quota would be passed.

Miss Della Hessin R. D. 1 Granville, in the eighth grade of the Hayes district school, has sold \$5195.25 worth of War Savings Stamps to date. Miss Hessin now has the rank of "Colonel."

## REV. HICKMAN'S MESSAGE

Rev. Hickman of Newark Recommends Dr. Parker's Treatment for Indigestion and Constipation.

Read what he says:  
"For ten years I suffered severely with indigestion and constipation. I treated with different doctors, took other medicines, but received only temporary relief and gradually grew weaker.  
A friend recommended Dr. Parker's Treatment. The first box gave relief. A few boxes cured me.  
I gladly recommend Dr. Parker's Treatment, believing it will cure the worst case if taken as recommended."

Rev. W. H. Hickman, 137 Locust St., Newark, O.  
"My treatment will relieve the very worst case of indigestion and constipation, if taken as I prescribe. Your \$1 back if it does not help you."

## UNCLE SAM USES CRAWLER TRACTORS ONLY

In Uncle Sam's war work he uses tractors of the crawler type exclusively. He knows they have the reliability and pull to get there. The great "tanks" have proved the principle to him.  
The powerful twin crawlers of the Bates Steel Mile strip any soil with a firm hold so that the heavy duty valve-in-head kerosene motor need not waste even an ounce of power in uncertain traction.  
If your name is not on our Delivery Schedule for one of the next carload of Model "D" STEEL MILES—see us at once, before it is too late.

## Can We Get Yarns?

The government has taken over from all mills and wholesale dealers all yarns suitable for soldiers' uniforms. This is right. The boys fighting for us must be well taken care of. As the yarns ALREADY DYED in high colors are useless for war purposes they may be distributed for civilian uses.

A LARGE SHIPMENT JUST HERE may be the last this season. If you are wanting yarns SELECT THEM NOW. One hundred boxes of bright colors added to our stock gives you a wide range of choice.

### Soldier Yarns

The hand-knit sweaters, helmets, Sox, and other comforts for the boys wear longer and are much appreciated in YOUR boy outfit for the coming winter. A limited amount of ARMY YARNS yet to be had. Strictly all-wool; finest quality—white, cream, natural light, medium and dark grey, khaki and government drab. You are fortunate if you get some of this yarn. Free knitting lessons on any garment you wish to knit; also, complete line of finished models.

## BIG CELEBRATION FOR NEWARK ON LABOR DAY STUNT

Labor Day is going to be a real Newark day. All the attractions planned for the big celebration will take place on the downtown streets, and will be a reunion of all classes in a big festivity.

The big parade will be held at 10 o'clock Monday morning and in the afternoon many attractions have been provided. At 2 o'clock a formal program has been arranged for the south side of the square. Addresses will be delivered by Mayor H. A. Atterton, William M. Moras, George Hamilton, and music will be furnished by the Buckeye Band, Diamond H. Quartet and Pink Street.

## GRANVILLE

Granville, O., Aug. 30.—The annual meeting of the Columbus Baptist Association will be held in Kirtlandsville beginning next Tuesday evening and continuing through Thursday. Tuesday will be the observance of the centennial of the association and Rev. Millard Brelsford will present a history of the hundred years.

The D. A. R.'s will meet with Mrs. E. P. Cook, Sunday, Friday evening, August 30, at 7:30 o'clock. The King's Daughters will hold their regular meeting with a program and important meetings. Every member of the circle is asked to be present.

A large number of Granville people attended the state fair at Columbus yesterday with the general affirmation that this year's fair far exceeds any previous one in all departments. The display of soldiers' equipment, models of battleships, guns of all kind and size, was especially interesting to the many visitors.

The funeral services of Mrs. Sara Ann Thomas, who died at her home, 825 College street, Friday night, August 27, will take place at the residence, Friday afternoon, at 2 o'clock. Dr. Brelsford, pastor of the Baptist church, will preach Sunday morning, union service at 10 o'clock, by Rev. B. F. Crawford, pastor of the Methodist church.

Dr. C. L. Williams will occupy the pulpit of the Plymouth church, Newark, Sunday.

Private George Hay, of the United States marines, of Concord, has been awarded the Croix de Guerre and two citations for bravery in recognition of his splendid fighting with the marines in France. He has been wounded three times. His father, Judge Hay, was a Denison graduate.

Raymond Beckel, of the United States navy, and sister, Miss Florence Beckel, of Newark, were in Granville cutting on the grounds. Mr. Beckel has been in the navy for over a year and has made six round trips on the transport, "Anolis." He will leave September 1 for Annapolis training school.

Miss Josephine Darrow, who returned Tuesday from a vacation in Dayton, entertained at her home on College street, Thursday evening, with an informal party. The guests were: Miss Mary Carl of Newark, Miss Frances Ray, the hostess, and Messrs. Edward C. Taylor of Chicago, Warren Weiland of Newark, and John Hundley.

Word has been received by relatives that Raymond Bash has again been severely wounded.

Born August 1 to Lieutenant and Mrs. Charles A. Carman, a daughter, Charlotte Elizabeth, Lieutenant Carman expects soon to go to France.

Mr. and Mrs. L. E. Davis have returned from their automobile trip. Several weeks were spent at Lakewood, Mich.

Harold C. Phillips was a visitor at the Beta Theta Pi house yesterday.

### HEMORRHOIDS WAR ZONE

Working with the American troops in a certain sector in France is a Y. M. C. A. movie man who carries a portable outfit in his canvas knapsack. Up and down the line he goes giving shows in dugouts, barns, tents, wherever he can set up his machine, and his curtain and at the same time hide his lights from watchful German eyes.

He travels along many a road that is under shell fire. Not so many days ago he picked up an army chaplain for a ride to a neighboring outpost. In a few minutes they were on a stretch of road over which the big shells were whizzing.

"They seem to sing a song," said the chaplain as he listened. "I thought the same thing when I first heard them," said the movie-man. "What time did it sound like to you?" asked the chaplain after a pause.

"First it was 'Home, Sweet Home,'" was the reply. "And then?"

"Nearer My God to Thee," said the movie-man, watching his car suddenly to avoid a shell hole.

## JUMPED FROM CAR FELL UNDER WHEELS; DIES

Columbus, Aug. 29.—J. Wesley Prince, aged 58, farmer, Gilbert Station, 12 miles north of Zanesville, was killed last evening when run over by a traction car at Third and Main streets. With a neighbor he had visited the state fair and boarded a Newark car for home. Discovering it was on the wrong car, he began to alight while it was in motion. It was said a trailer ran over him as he fell and both his legs were cut off and his skull crushed. His death occurred shortly afterward in St. Chimer Hospital. Prince is survived by his widow and a son, Harvey Prince, postmaster at Gilbert Station, and two daughters.

## MRS. DOOLEY'S ADVICE TO WORKING GIRLS

Milwaukee, Wis.—"I wish all girls who work and suffer from functional disorders would profit by my advice and take Lydia E. Pinkham's Vegetable Compound. Before I was married, when I came home from work at night, I would be just worn out with pains which dragged me down. I took Lydia E. Pinkham's Vegetable Compound and it made me feel like a new woman. I can work from morning until night and it does not bother me, and I wish all girls who suffer as I did would try Lydia E. Pinkham's Vegetable Compound."

Mrs. H. Dooley, 1135 25th Street, Milwaukee, Wis.

Working girls everywhere should profit by Mrs. Dooley's experience, and instead of dragging along from day to day with life a burden, give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound a trial. It has overcome just such conditions for thousands of others, and why not for you? For special advice, write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years experience is at your service.

## WILL CONSIDER RATE REVISION LEASED WIRES

(Associated Press Telegram)  
Washington, Aug. 30.—Charges now made for private telegraph wire services of banks, brokers and industrial concerns on the leased wire business were declared unreasonably low today by the interstate commerce commission. No formal order was issued because the government has taken over the telegraph services since the case came up but the decision said a revision of rates should be considered.

Leased wires of railroads and the press are not affected, the commission holding that these are quasi public services and not to be classed with strictly commercial business.

"We find no difficulty," said the decision, "concluding that it is not unlawful for companies to handle messages for common carrier railroads and the public press through the medium of existing wire arrangements."

The case involves contracts of the American Bell Telephone, the Western Union and the Postal Telegraph companies.

Investigation of the contracts was begun more than a year ago by the commission on its own motion, following an informal complaint by the Grain Dealers Association composed of men trading in the Chicago cash grain market.

## GERMAN ARMY

(Continued from Page 1.)  
the Germans who had been left behind surrendered.

Fires indicating the withdrawal of the Germans on the northern end of the British front and especially in the Lys salient, are burning. Many explosions have been observed behind the enemy lines.

## ENEMY RETREATING TOWARD ST. QUENTIN

(Compiled from A.P. Dispatches.)  
Germany's hard pressed armies still waver before the attacks of the allies. In central Picardy from the Somme north of Bapaume the enemy is retreating eastward toward St. Quentin. Large numbers of prisoners, many guns and much material are falling into the hands of the British.

Elsewhere the apparently untiring British, French and American forces are maintaining the pressure against the enemy, who now has lost all his important bases west of the Hindenburg line except Peronne, Ham and Tergnier. The British are now within two miles of Peronne on the southwest and the French are five miles west of Ham. The British are evidently hope to prevent the German from overrunning the Quantrocourt line as they have the one to the west. South of the Scarpe heavy fighting is in progress in the region of Bullecourt.

On the extremities of the battle line the allies are moving ahead slowly against desperate German resistance. North of the Scarpe the British have retaken Greenland hill and maintain their other positions east of the Hindenburg line against counter-attacks. The Germans here evidently hope to prevent the British from overrunning the Quantrocourt line as they have the one to the west. South of the Scarpe heavy fighting is in progress in the region of Bullecourt.

North of Soissons the Germans have thrown in fresh troops to stop the advance of the French and Americans towards the heights dominating the Chemin des Dames, allied possession which would compel the enemy to withdraw from the Vesle. The allies have the more favorable positions and have but one more plateau to overcome to reach their objective.

As the fall of Roye compelled the Germans to retire to the line of the Somme south of Peronne, the capture of Bapaume by the British made it necessary for the enemy to retreat north of the Somme. Where the enemy will attempt to make a stand here is problematical, but his best line would seem to be that of the canal du Nord which runs northeast from Peronne. The canal curves five miles east of Bapaume and crosses the old Hindenburg line near Havrincourt, seven miles east of Bapaume.

The canal du Nord extends across the Picardy battle field in a general north and south direction and the fact that the Germans are offering stout resistance to the French south of Peronne, where the canal parallels the Somme would indicate the probability that they may attempt to stand on the line of the canal. Noyon, the southern outlet of the canal, was carried after heavy fighting and the Germans are contesting bitterly the possession of the heights north and east of Noyon. The French are on the southern slopes of Mont St. Simeon, an important height east of Noyon.

General Mangin's move in crossing the Ailette and the Franco-American progress north of the Aisne may mark the beginning of a move to outflank the heights east of Noyon and north of the Oise by a drive toward Tergnier.

There has been no further infantry fighting along the Vesle, although the American artillery is shelling the enemy positions heavily. The German claim of the capture of 250 Americans at Bazoches and Fismette Wednesday is denied by the Americans, who have only a few men missing.

Since the beginning of the offensive in Picardy French troops have made the greatest advance. From Castel, on the Aisne, to Belleny, on the Somme, the French have moved forward almost 25 miles. The Hindenburg line is at St. Quentin, 15 miles due east. St. Quentin is 470 miles from Berlin and 142 miles west of Coblenz, on the Rhine. American troops east of Lunerville are nearest of the allied forces to Berlin, which is 400 miles north-northeast from the crow flies in southern Alsace. The Americans are 18 miles from the Rhine.

On the Usuri front, north of Vladivostok, allied troops have repulsed an enemy attack and have

begun an advance northward. South of Chitka, in east-central Siberia, anti-Bolshevik forces are moving northward along the Siberian railway.

## FINAL VOTE

(Continued from Page 1.)  
doll, or California, prohibiting use of money in the agricultural appropriation bill unless the President should exercise his present authority to stop manufacture of beer and wines (an amendment adopted by the house when it passed the bill May 23 last) and the original Senate Agriculture Committee provision to stop sales of all intoxicating beverages January 1 next. The text of the amendment follows:

"That after June 30, 1919, until conclusion of the present war, and thereafter until the termination of demobilization, the date of which shall be determined and proclaimed by the president of the United States, for the purpose of conserving the man-power of the nation and to increase efficiency in the production of arms, munitions, ships, food and clothing for the army and navy, it shall be unlawful to sell for beverage purposes any distilled spirits, and during said time no distilled spirits held in bond shall be removed there from for beverage purposes except for export.

"After May 1, 1919, until the conclusion of the present war, and thereafter until the termination of demobilization, the date of which shall be determined and proclaimed by the president of the United States, no grains, cereals, fruit or other food products shall be used in the manufacture or production of beer, wine or other intoxicating malt or vinous liquor for beverage purposes.

## FRENCH ACE DOWNS 50 PLANES SINCE THE FIRST OF JANUARY

(Associated Press Correspondence.)  
With the French Army in France, Aug. 8.—Lieutenant Rene Fonck, the leading French ace, has brought down since January 1, fifty of the more than three score German aircraft he has destroyed. Of the fifty enemy machines vanquished this year 32 have fallen before him in the same airplane, which is a Spad-Hispano biplane with two machine guns. This constitutes a record for one machine.

Between July 16 and July 22, he felled eleven machines, nine of which have already been officially accounted for. On July 16 while stationed in the Somme, he was ordered to report to the Champagne. He left for Paris that day at 10 o'clock. He lunched there and set back for the Somme, arriving there shortly before 5 o'clock. At 5 o'clock he had become the conqueror of two Boche machines. He left that evening for his new assignment.

The following day in the Champagne he felled a German machine and on the next, two. On July 19 he brought down three; on July 21, two and on July 22, one.

The following is his own account of his aerial tactics:

"Tactics? I have none. I attack watching my adversary's maneuver. In the last combats in which I have been fighting I have been attacking upon them. In my fight on July 16 I attacked two German machines, which were protected by a patrol of six others. I fixed my gaze upon my two victims but never did I lose sight of the patrol. When the patrol rushed at me I was able to break away by maneuver.

"You ask me at what distance I shoot. Generally from 150 metres, according to my relative position, I believe it could be said. If I attack frontally I start to shoot at 150 metres, that being the most suitable allowing for the speed of the machine. If I attack in the rear or laterally, I get somewhat closer."

## BODY TAKEN HOME.

The body of Darwin D. Loney, who was killed as a result of an automobile accident west of Granville yesterday morning was taken in the Bazler ambulance this morning to the home in Danville, at which place the funeral will be held. Mrs. Sellers, who was injured in the same accident, is very much improved today, not having been seriously injured.

## FIRST COMMUNION.

A class of about forty will receive First Communion on Sunday morning at St. Francis de Sales church. For the past several months the class has been instructed by the pastor, Rev. Father B. M. O'Boylan. The mass will be celebrated by Father O'Boylan at 7 o'clock and First Communion will be administered by him.

## TO ENTER CONSERVATORY.

Mrs. Irene Bitter and daughter, Miss Ruth, and Miss Dorothy Glenn will leave for Cincinnati Sunday. Miss Ruth will enter the Cincinnati Conservatory of Music for the coming year.

## FOR IDENTIFICATION.

George Thompson, who was arrested yesterday charged with stealing a Ford machine and abandoning it below Zanesville will be taken to Zanesville tonight. The people who tried to start him in starting the car after it stopped will be asked to identify him.

## KINGS HERALDS.

The King's Herald of the First M. E. church will hold the last meeting of the year at the church on Saturday afternoon, August 31, promptly at 2 o'clock. The members are asked to bring the mite box.

## SPECIAL SUITS FOR GERMAN PRISONERS AT CAMP SHERMAN

Camp Sherman, Chillicothe, O., Aug. 30.—The 100 or more prisoners of war interned here will be clothed in brown suits with black prison stripes as soon as the manufacturers can fill the war department orders, according to information given out yesterday. The black stripes will run perpendicular along both pieces of the suit, the specifications provide. The German prisoners of war here now wear a suit similar to the one worn by American prisoners.

An official hostess, whose duty it will be to see that the soldiers get enough dances, has been added to the staff of the camp Sherman community. She is Mrs. Roy M. Houk, of Chillicothe, whose husband, Captain Houk, is serving with the 160th Infantry in France. The decision to engage a hostess is expected to be the solution to the much discussed question as to whether soldiers should request dances at the community house from the feminine visitors to whom they are strangers. Mrs. Houk will introduce soldiers to the young ladies.

## SOLDIERS' LETTERS

Alfred Sheasby in France  
Miss Clara Roberts, 73 West Jefferson street, has received the following letter from Alfred V. Sheasby, Battery E, 134th field artillery:

"Somewhere in France,  
"July 26, 1918.

"My Dear Clara—Your letter received today, and I must say I was pleased to hear from you. Well, I suppose you know by this time that I am in France. If not, you will when you get this letter. We are so busy over here I can hardly find time to write. We have been here only a few days and now I am taking time to write to you. This is one of the first letters I have written in France. While speaking of France it's a greater place. The people over here are so nice and kind. They try to help us in every way they can. We have had a most pleasant journey over the sea and found things the same when we got here. I have been having quite a time trying to speak French. I can speak a few words already. But I must say they are a very few. Oh yes, I forgot to tell you I saw George Morrison yesterday and he asked about you. He came over on the same boat I came on, but I failed to see him on the boat. He is looking fine and is the same old George in all ways. I have seen several of the Newark boys since I have been here. Everyone is well and having a fine time here. Well, I suppose you will wonder why I haven't written to you for so long, but you must remember it takes a long time to reach you from here, and I can't write as often as you can. But don't you forget to write as often as possible. Well, now, when you get this letter don't forget to give Joe and Etta my best. I would like to tell you more, but you know it is impossible now. I will tell you all about it when I get back home. Well, I have run out of something to say, so I will close for this time. Hoping this letter finds you well and having a fine time enjoying yourself to the greatest of pleasure. I will write again in a few days. Yours sincerely,

"Alfred,  
"Alfred V. Sheasby, Battery E, 134th Field Artillery, American Expeditionary Forces."

## Appreciates Medal.

Editor of The Advocate—As I have a little spare time, I take this opportunity of writing you and thank you and the people of Licking county for the beautiful service medal, which I received a few days ago. I appreciate it and am very proud of it, and will carry it with me always, and in late years cherish it. The boys who have seen it thought it was a fine thing and marveled at its beauty. As far as I can learn Licking county is the only one that has expressed its feeling of gratitude by giving medals to the boys in the service as a token of their appreciation.

I have met boys here from every state in the Union, but up to a few days ago there were only four Newark boys here. Renick Trost and Paul Henry were shipped from here Thursday night for overseas, leaving Chas. Daniels and myself the only ones here to represent old Newark. Most of the men here now are from eastern Pennsylvania, New York and New Jersey, having come in with the last draft.

This camp is fast nearing completion and is now housing between 30,000 and 40,000 men. It will be one of the most beautiful camps in the country when completed. The Y. M. C. A. have five buildings now and will soon begin work on an administration building. Work has also been started on a Liberty theater to seat 3,000.

At present we have a large amphitheater and have lots of entertainment there. Two weeks ago Secretary of War Baker's wife was here and sang for the boys, and last week we were favored with singing by Lillian Russell and Fay Templeton. All this work is carried on through the efforts of the Y. M. C. A., and now they are building a bath-house which will accommodate 400 men. One can't give the Y. M. C. A. enough credit for the work they are doing to relieve us from the monotony of army-life.

Will close, again thanking you for the medal. I remain, sincerely yours,

Edward H. Reber,  
Co. I, 2nd Engineer Training Regiment, Camp A. A. Humphrey, Va.
